

WORKSHOP

Load-bearing Straw Bale Vaults and Dome

SUMMER 2010 IN SLOVAKIA

Workshop conducted by
Gernot Minke

Join us building the world wide first green roof covered load-bearing straw bale dome!

What:

We are building the world wide first green roof covered load-bearing straw bale dome surrounded by 8 load-bearing straw bale vaults in 2 workshops

Where:

Near Senec (close to Bratislava, Slovakia)

When:

16. – 28. August 2010
6. – 18. September 2010

If you join, you will learn theory and practice of straw bale building, earth plasters and green roofs.

The building, with covered area of 138 m², will be used by the NGO and non-profit-organisation ArTUR as a training / exhibition centre and as an architectural office.

The workshop will be conducted by Gernot Minke and co-workers. It will be held in English. As specialist for earth plaster Piet Karlstedt from Germany is supporting us.

Costs:

For **15 days** (one workshop) staying at the workshop venue in your own tent or car with main meals and two coffee/tea breaks with fruit or cookies/cake you pay **245 €**, if you want to sleep in a simple pension in Senec (shower and toilet is on the corridor, 5km from workshop <http://www.skorpion-senec.sk/galeria.html>, transport to workshop will be provided), you pay **380 €**.

All of you get the book: Minke/Mahlke: "Building with Straw" for free!

Organization:

You should arrive at Sunday evening, you get a meal at 19:00 h. The workshop starts on Monday at 8:00 h with theory and ends after two weeks on Saturday with a party. On Sunday you get breakfast before leaving.

At Saturdays we only work in the morning. Sunday is free. As it will be very hot in summer we have a break at noon for two hours.

You have lakes and spa (aqua-park) nearby in Senec, which is a summer resort.

If you want to join both workshops, you have a one week break for relaxing at the lakes or we make an excursion to the Tatra mountains or to Bratislava and Vienna.

Work:

We are working in 4 small groups of 6 people each, and we want 6 different nations in each group. So the number of participants from one country is limited and you should register very soon.

Registration:

After we got your registration we will reserve a place and send you an invoice for you to pay 80 € in advance.

If you cancel your registration 4 weeks prior to the beginning of the workshop you will get 40 € back.

If you apply, please fill out the attached form.
